- Appoints Staff in connection with introduction of
- Fixes basic Scale of Rations as in Bangalore

MEETING WITH THE COLLECTOR OF NILGIRIS
AT MYSORE ON THE 2ND APRIL., 1943.

1) AS agreed to at the meeting held on the 18th of February 1943, I met the Collector of Nilgiris again at Mysore on the 2nd instant to review the position regarding supplies in this State and to fix up the quota to Nilgiris District for the quarter commencing with the month of April 1943.

2) I explained at the outset that our position with regard to supplies of rice had not improved in any way, that the Madras Government was still giving us a quota of only 30,000 tons per annum and that even the normal supplies of paddy and rice which this State was obtaining from Coorg every year (about 5000 tons) have been stopped owing to the Government of India having insisted upon the same being sent from Coorg to the Malabar District. I pointed out to him that while Mysore had not been getting her usual supplies from outside, others who have depended on her previously expected her to meet their normal requirements and as she was herself in deficit in rice to an extent of about 20%, it would almost be impossible to spare anything to be exported outside. With regard to Ragi and Jola,

I stated that even here we were finding our position very difficult and that due to bad crops during this year, the stock position was anything but satisfactory and it might not therefore be possible to spare even the agreed quota.

I suggested to the Collector, incidentally that he might use his good offices with the Government of Madras to give us a higher quota of rice as this would indirectly be beneficial to him.

3) As the Collector, however, pressed for the grant of an adequate quota, I told him that the quota for the

current quarter might, at best, be continued as per scale

Continuation Sheet.

File No.
Current No.

of

previously agreed to viz., 2,800 bags of rice, 3,000 bags of ragi and 600 bags of Jola (bags of 75 seers in each case) per month and that it would not be possible to increase it in any way owing to the difficulties experienced within the State itself.

4) The Collector insisted upon our giving him at least a quota of 4,000 bags of rice, 3,200 bags of ragi and 700 bag of Jola per month and proposed that he would be corresponding with the Government of Madras to get us an additional quota of 110 tons of rice to make up for the increase in our quota to the Nilgiris District. I said that this could be done if the Madras Government were to agree to increase their quota and that pending their decision in the matter, arrangements will be made to supply Nilgiris District at the old scale viz., 2,800 bags of rice, 3,000 bags of ragi and 600 bags of jola.

5) The Collector, Nilgiris, enquired about the payment of the commission of 8 annas per railway maund. I told him that we were meeting a portion of the Establishment charges of the Grain Purchase Offices of Madras Presidency and that we had stationed a number of officers in the producing centres of that Province for purchasing and transporting rice to Bangalore, that our Grain Purchase Officer at Mysore would render all facilities to the Nilgiris authorities and their agents to obtain supplies towards the monthly quotas in local markets and that the commission that would be charged was just to cover the incidental expenditure incurred in connection with the Grain Purchasing Establishment.

6) The question regarding the lapses of unutilised quotas was then raised. It was agreed that the undrawn quotas would lapse not at the end of a month but at the

Meeting with the Collector of Mysore
- 3 - on 2nd April 1943 3

end of a quarter in view of the difficulties experienced with regard to transport and supply.

Supply of Rice in Mysore City: From my enquiries I could see that the position regarding the supply and distribution of rice within the Mysore City had not improved since the issue of instructions last month and that it needed a greater attention on the part of the local officers. I formally discussed the matter with the Deputy Commissioner, the Licensing Officer, the Food Assistant and the Grain Purchase Officer, Mysore and issued instructions to them in the matter. I am conveying these instructions to them in writing also and I enclose herewith for perusal, a draft copy of the memo of instructions which I intend sending to each of them.

15) 11/6

The D.C.s of Mysore and Tankur report that
 the preliminaries necessary for the intro-
 duction of rationing into those places
 require some time (and they are taking
 action to complete them & then submit final
 proposals. Their final replies are still awaited.
 If approved this will be recommended again.

2) The available papers relating to the
 introduction of rationing into Mysore city are
 also put up for perusal.

3) It is stated that in previous references relating
 to the introduction of rationing in Mysore
 that urban areas could not be used. In the

circumstances, to both, myself & the others, to
be so late to express their true feelings.

Part 13743. The Deputy Commissioner's proposals are not final. He wants time till the end of the current month. 1) to complete the Census of the town, 2) to build up the necessary reserves, 3) to

to take stock of the available food stuffs with the President of the Town (4) to complete the other preliminaries, necessary for the introduction of rationing scheme. It is for orders whether the final proposal of the D.C. Tunkur may be awaited.

22
14/7 Mr. A. Viswanatha will be going over to Bangalore to study the Rationing System here. The D.C. Tunkur has stated that he may be able to submit final proposals in the matter by about the end of this month. He will be asked to expedite the preliminary work in the behalf and submit his proposals as early as practicable. It will be incidentally suggested to him that the Ration Card which may need some alterations may also be revised after Mr. Viswanatha's study of the System here is completed.

30) The establishment may be sanctioned as soon as the final proposals are received.

92) Letter No. CRA.18/43 dated 7-10-1943, from the President, City Municipal Council, Mysore, submitting proposals regarding the introduction of rationing in Mysore City is placed below.

The proposals may be classified under the following heads:-

I. Staff --- Gazetted staff, executive staff and ministerial and menial establishment.

II. Accommodation, telephones and other office equipment, such as, typewriters, furniture, stationery, etc.

~~Regarding accommodation, telephones and equipment, action is being taken separately.~~

III. Transport arrangements.

IV. Appointment of Ration Census Officer.

Proposals II & III about which separate communications have been received are being submitted separately. The points on which orders are now required on this file

are:-

(i) Gazetted staff; - division of the Mysore City Municipal area into two circles and the appointment of two Deputy Amildars to be in charge of these circles.

(ii) (a) Appointment of four Food Inspectors on Rs.100/- plus Rs.20/- C.A., with two-peons on Rs.11/- each p.m.

(b) Appointment of twelve Asst. Food Inspectors on Rs.50/- plus Rs.10/- C.A. with one peon on Rs.11/- p.m. for each.

(iii) Clerical staff for the Rationing Office:

One Manager on Rs.60-1-80.

One Accountant on Rs.50-2-60 --

One Accountant cum Cashier on Rs.40-2-50

One Licensing clerk on Rs.25-1-40

Two general correspondence clerks on Rs.25-1-40 each

Two clerks on Rs.25-1-40 each, one of whom to be a Typist.

One Stenographer on Rs.50/-.

Menial staff for the Rationing Office.

Continuation Sheet.

Current No.

of

Menial staff for the Rationing Office.

One daffedar on Rs.15/- p.m.
Three peons on Rs.12/- each p.m.
Four peons on Rs.11/- each p.m.
Four literate attenders, who will also
be cycle orderlies on Rs.15/- plus Rs.3/- each p.m.,
subject to the employees providing themselves
with bicycles.

V

Staff to the Deputy Amildars.

- (i) For the Deputy Amildar who will also be
the Office Assistant to the Rationing
Officer.

Two clerks on Rs.25-1-10 each p.m., one of whom
will be a typist.

- (ii) For the other Deputy Amildar in charge of the
circle:-

One clerk on Rs.25-1-10.

VI

Staff for Depots.

One Manager on Rs.40/- p.m.
One bill clerk on Rs.15/- p.m.
Two peons on Rs.11/- each p.m.

VII

IMPREST.

The Chief Rationing Authority to have the same
powers as the President, Mysore City Municipal
Council in the matter of drawing A.C. & D.C.
bills, for expenses on rent, contingencies, etc.

*The following remarks are offered on the
several proposals for consideration:-*

- I. Deputy Amildars.

The Mysore City is proposed to be divided into two
Circles as under:

- (a) First circle -- Mandy, Lashkar, Nazarbad and
Devaraja Mohallas.
(b) Second circle -- Fort, Krishnaraja and
Chamaraja Mohallas.

The Deputy Amildar in charge of the second circle
is proposed to be utilised ~~as~~ ^{as} Office Assistant to
the Assistant Rationing Officer.

It is proposed to locate the Office of the Deputy Amildar in charge of the first circle in a central place in a suitable building where the Deputy Amildar will also be provided with accommodation so as to be available on the spot all the 24 hours.

The other Deputy Amildar in charge of the second circle will work in the Head Office itself.

The appointment of these two Deputy Amildars and the distribution of work among them are for orders.

IV. Executive staff.

The scales of pay suggested in the case of Food Inspectors and the Assistant Food Inspectors viz., Rs.100/- plus Rs.20/- C.A. p.m. for the Food Inspectors and Rs.50/- plus Rs.10/- for the Assistant Food Inspectors are the same as what has been sanctioned in Bangalore City, but it has been stipulated that these scales represent the maximum and that the men appointed against these posts should be allowed only their salaries in the departments from which they are drawn plus a deputation allowance of 20% of their salary. The same condition may be insisted on in the case of appointments in Mysore City also.

As regards the menial staff for the Food Inspectors and the Assistant Food Inspectors, in Bangalore City, one peon has been sanctioned for each Food Inspector and no peons are attached to Assistant Food Inspectors. In Mysore City also, therefore, it would be enough if one peon is sanctioned for each of the four Food Inspectors on Rs.11/- each p.m. The proposals of the President, Mysore City Municipal Council regarding the appointment of Four Food Inspectors and twelve Assistant Food Inspectors are for

orders, subject to the modification suggested.

Clerical staff for the Rationing Office.

In a temporary office, the time-scale will, perhaps, not be appropriate. The following scales of pay are therefore suggested for approval or other orders:-

One Manager on Rs.70/- p.m.
One Accountant on Rs.50/- p.m.
One Accountant & Cashier on Rs.40/- p.m.
One Licensing clerk on Rs.30/- p.m.
Two general correspondence clerks on Rs.30/- each p.m.
Two clerks on Rs.30/- each p.m.
One Stenographer on Rs.50/- p.m. A

The President, Mysore City Municipal Council, suggests that the staff will be recruited from other offices and a deputation allowance of 20% may be allowed, as extra salary. This suggestion may, perhaps, be agreed to subject to the maximum ^{specified above} not being exceeded.

Manual staff

The proposals of the President may be agreed to with regard to the Daffedar and the peons. As regards attenders, it will perhaps be enough if two attenders on Rs.15/- each p.m. are sanctioned. Two of the peons may be allowed a cycle allowance of Rs.2/- and the bicycles provided by Government, as it may not be possible for a low-paid servants to provide themselves with cycles.

Staff for the Deputy Amildar.

(a) For the Deputy Amildar of the first circle:

One clerk on Rs.30/- p.m. may be sanctioned as against the post on Rs.25-1-10 proposed.

(b) For the Deputy Amildar in charge of the other circle who will also be the office assistant to the rationing officer, no separate staff is necessary and he may make use of the staff sanctioned for the Central Rationing Office.

Staff for the Depots.

It is estimated that 35 depots would be required.

But it is stated that the number will depend on the number

of fair price depots, co-operative institutions, private license dealers, etc. As in Bangalore City, the practice

of selling rationed articles through fair price depots and private license dealers has not worked satisfactorily,

the President, Mysore City Municipal Council may, perhaps,

be informed that sales of rationed articles must be made

only through Government Depots and through co-operative institutions.

The staff asked for each depot is as under:

One Manager on Rs. 40/- p.m.

One bill clerk on Rs. 25/- p.m. and

Two peons on Rs. 11/- each p.m.

These proposals may, perhaps, be agreed to.

IMPREST.

The imprest of Rs. 1,000/- (Rs. One thousand) asked for, may be sanctioned.

As regards the Chief Rationing Authority being given

the same powers as the President, Mysore City Municipal

Council; it may also be agreed to, the account procedure

being settled by him in consultation with the Comptroller

to Government.

For Orders.

20.10.43.

WD 1140/GPB-50,000-5-11-42

The two Deputy Amildars may be left to the discretion of the Rationing officer.

B. The appointment of Junior Food Inspectors on a pay of Rs 100 + C.A. 20 per month and 12 Asst Food Inspectors on a pay of Rs 50 + 100 may be sanctioned. As far as possible only persons already in service should be appointed to these posts and such persons will draw their pay in their permanent posts plus a deputation allowance of 20 per cent of the same subject to a maximum of Rs 100 in the case of Food Inspectors and Rs 50 in the case of Asst Food Inspectors.

C. Clinical Staff for the Rationing Office may be sanctioned as indicated at "C" above.

D. Medical Staff as indicated at D may be sanctioned. As regards persons to be attached to the Executive Staff only one person for every one of the four Food Inspectors may be sanctioned.

During the discussion
the Secy. said that
evening, Mr. Reddy
said the Secy. had
had agreed to sanction
for the purpose
100/12 Food Inspectors
working under him.
The Secy. said that
Food & Asst Food
Inspectors should be
appointed as & when
necessary & also the
salaries should be
pay + 20% deputation
allowance.

OFFICE OF THE MINISTER
FOR INDUSTRIES & SUPPLY

DEC 13 1943

No. 3258.....

Final Note by the Minister for Industries and Supplies.

Subject.— Rationing in Mysore City.

In accordance with the decision that rationing of essential foodstuffs such as rice, ragi, and jola should be introduced in all urban and rural areas of the State, the President, Mysore City Municipal Council was requested to work out a rationing scheme for Mysore City and to submit proposals for the consideration of Government. The proposals submitted by him were considered and orders passed on the 25th October 1943, sanctioning the introduction of rationing in Mysore City on the lines of the scheme suggested by the President, City Municipal Council, Mysore.

According to this scheme Mysore City has been divided into two circles, each circle being placed in charge of an Officer of the rank and status of a Deputy Amildar. It is proposed to establish about 35 Government Depots which, along with approved co-operative societies will cater for a population of 1,20,000 or 24,000 families of 5 members each. This figure of 1,20,000 has been arrived at after deducting from the population of the City, taken at 1,70,000, the members of the establishments connected with the Palace, the railways factories and mills, taken at 50,000, for whom other arrangements will be made.

The undermentioned clerical and menial staff for the Rationing Office, staff for the Government Depots and executive staff have been sanctioned with the direction that appointments against these posts should be made only as and when necessary:

(a) Clerical staff for the Rationing Office.

- One Manager on Rs.70/- per mensem.
- One Accountant on Rs.50/- per mensem.
- One Accountant & Cashier on Rs.40/- per mensem.
- One Licensing Clerk on Rs.30/- per mensem.
- Two General Correspondence clerks on Rs.30/- each, per mensem.
- Two Clerks on Rs.30/- each, per mensem
(one of them to be a typist).
- One Steno-typist on Rs.50/- per mensem.

contd:

(b) One clerk on Rs.30/- per mensem for each of the two circle officers.

(c) Menial Staff.

One daffedar on Rs.15/- per mensem.

Three peons on Rs.12/- per mensem.

Four peons on Rs.11/- per mensem.

Two literate attenders on Rs.15/- each per mensem.

(Two of the peons being used as cycle orderlies with an allowance of Rs.2/- per mensem).

(d) Staff for each Government Depot.

One Manager on Rs.40/- per mensem.

One Bill clerk on Rs.25/- per mensem.

Two peons on Rs.11/- each per mensem..

(One of these peons should be a Measurer.)

(e) Executive Staff.

Four Food Inspectors on Rs.100/- plus Rs.20/- Conveyance Allowance, per mensem, each.

Twelve Assistant Food Inspectors on Rs.50/- plus Rs.10/- per mensem, each.

One peon on Rs.11/- per mensem, for each of the Food Inspectors.

Notifications extending the provisions of the Mysore Rationing Order (Food), to Mysore City, and appointing the President, Mysore City Municipal Council, as Rationing Officer, and also appointing Ration Census Officers under the Mysore Ration Census Order have been issued. A Ration Census was taken on the 12th, 13th and 14th November 1943, the final results of which are awaited. Rationing has been introduced in the City from the 20th December. The scale of rations fixed for Bangalore City has been adopted for Mysore City also.

The above action, which has been taken with the approval of the Dewan and the other Ministers, in view of urgency, may be graciously approved.

Minister,
Industries & Supplies.

Bangalore,
21st December 1943.

Submitted to His Highness.

I submit herewith a Final Note by the Minister for Industries and Supplies on the subject of rationing of essential food stuffs in Mysore City with effect from 20th December 1943, for His Highness's gracious approval.

Office of the Director of Civil Supplies
in Mysore,
Bangalore, Dated 15th April 1943.

NO.: SD. 1564445

M E M O.

Complaints are still being received that there has not been a fair distribution in the Supply of Good Rice in the Mysore City and that the Mill-owners and Merchants have not been cooperating with the local Officers to the extent expected from them. It is also learnt that the directions issued by the Grain Purchase Officer, Mysore, for supply to outside permit holders at controlled rates are not being complied with ~~promptly~~ promptly.

With regard to Supply of Rice in the City, 400 pallas of Rice out of the total quantity of about 1000 pallas milled by the City Mills everyday should be earmarked for City use. The Food-Assistant may distribute these 400 pallas to Government Depots, Societies, Fair-Price Depots and merchants, in accordance with some system. At present, issues to merchants do not seem to be based on any such system. Before issue, the Food-Assistant should satisfy himself that the stocks with the institution or merchant have been exhausted and properly accounted for. Supplies should be made on the actual requirements, as gauged by sales in previous months. If any rice remains over out of these 400 pallas, it may be added to the Reserve.

The other 600 pallas out of the quantity daily milled in the City, should be made available to the Grain Purchase Officer, Mysore to meet demands from other Districts and Nilgiris.

There is a complaint that Mill-owners under-polish rice issued to Government Depots while good rice is supplied to their customers at Black market rates. This irregularity has not been stopped, ~~thru~~ though the Mill-owners were

warned

warned last month. The Food-Assistant should see that the Rice required for Government Depots is properly hulled and issued before rice is released to private parties.

It is understood that several City Rice Mills had been working without obtaining licenses under the Food Grains Control Order as required in the Rice Mill Control Order of 5/7th November 1942. They should have been prosecuted. It is also learnt that the Krishna Rice Mills in 100 feet Road, is given general exemption from obtaining release orders. The exemption if granted, should be withdrawn immediately.

The City Mills do not seem to be anxious to co-operate with the Government and the leniency that is being shown to them is not at all deserved. The license in the case of any Mill found to be remaining idle deliberately should be cancelled after issuing, if need be, a show cause notice to the Mill-owners. A Ledger may be opened by the Food-Assistant for each Mill to note the complaints against it and if complaints are many, action may be taken to cancel the license after needful enquiry in the matter.

A good Stock of Paddy and Rice should be built up in the City without further delay. If need be, the entire paddy available with any Mill found to be non-co-operating with the Government, may be commandeered and purchased by the Government and allowed to be stocked within the precincts of Mills under the supervision of the Mill-owner. As paddy will not come into the market during the cultivation season, arrangements should be made to stock it in adequate quantities before that season.

Director of Civil Supplies. 14/4

PM

From

C.M.H.RANAJODHA SINGH, Esq., B.A.,
Deputy Commissioner, Mysore District,S.NARAYANA RAO, ESQ., M.A.(Hons), No. 17457/43
Secretary to Government, Supplies Department,
Bangalore.

Sir,

With reference to your letter No.S.D.16722 dated 27th April 1943, enquiring as to why rationing should not be introduced into Mysore, I have the honour to state as follows:-

The stock of paddy available in the Rice Mills is approximately 72,000 candies. The average daily requirements of the City may not exceed 400 pallas of rice per day. If the entire stock of paddy in the Rice Mills of the City is conserved and earmarked for City consumption, it will suffice for six months more.

The inadequacy of supply of rice in the City was partly due to the non-operation of the Rice Mill Owners and the local merchants. The subject was discussed at the meeting of Officers (as noted in the margin) held on 4th May 1943

1. Deputy Commissioner, President.
2. Food Asst. to the Deputy Commissioner
3. Licensing Officer, Mysore
4. Sub Division Officer, Mysore
5. Sub Division Officer, Nanjangud
6. District Superintendent of Police, Mysore
7. Grain Purchasing Officer, Mysore
8. District Forest Officer, Mysore.

in my office and it was resolved that the entire stock of paddy available with any Mill, found to be non-operating with the

Government, may be commandeered and allowed to be stocked within the precincts of the Mill under the supervision of the Mill owner.

Action is being taken in this direction.

The stock of paddy in the District Rice Mills, excluding the City is more or less 60000 candies. Foreign quotas are generally at present, being met from this stock. Twenty pallas of rice are expected to be supplied from Shimoga District. If this supply is obtained and if the Grain Purchasing Officer were to supplement it by purchasing and storing paddy, there

there will be no room for anxiety what-so-ever.

The Officers present at the meeting were unanimously of opinion that the introduction of rationing to Mysore City, is not necessary at present. The Grain Purchasing Officer may be kindly requested not to operate on the stock, but commence purchasing paddy to meet outside quotas in a large scale.

I have the honour to be,
Sir

Letter No. C.S. 1674/42 dated 7th June 1943 from the Deputy Commissioner, Mysore District, Mysore, to the Director of Civil Supplies in Mysore, Bangalore.

With reference to your letter No. SD/8829-30 dated 4th June 1943 regarding the introduction of rationing into Mysore City, I write to state that the scheme could only be put into operation after the necessary stocks of rice and ragi are built up. Action has already been taken in this respect. Further, an experienced Rationing Officer will have to be appointed to draft the scheme. I have requested the President, Mysore City Municipality to have a house to house census conducted as early as possible. I am enclosing herewith the necessary staff that would be required to work the scheme.

Telephone Conversation with

Mr. C. H. Rengadh Singh
Dep. Commr. Mysore

I reminded the Deputy Commissioner about the detailed proposals regarding the introduction of Rationing in Mysore City. He mentioned that the Census was being taken by the A.R.P. in Mysore City and that this was expected to be completed in about 10 days. He, however, added that to work out a detailed scheme of Rationing, he wanted the help of an experienced Officer from Bangalore. He also stated that after the Census was taken it was likely that the population would be more than the Census figure just as in the case of Bangalore which would, perhaps, necessitate the reservation of a much larger quota of rice produced in Mysore for consumption in the City, which would consequently mean a reduction in the quota that could be supplied to Bangalore City and other places.

MYSORE,

No. 378

DATE

Dated

July 12, 1943

Dear Sir

With reference to your demi-official letter No. S.D. 91/Dated 1st July 1943 regarding the introduction of rationing to Mysore City, I write to state that the scheme of purchase and commandeering contemplated by Government is likely to come into force in the near future. This will enable us to build up the stock which is quite an essential preliminary to rationing operations. The Controller, A.R.P., Mysore, has arranged for the compilation of House to House census in Mysore City, which is not yet ready. Besides, there will be a huge influx of population to Mysore City from outside during this month in connection with the Birth-Day Festivities of His Highness the Maharaja of Mysore. It may, therefore, be considered expedient to postpone the introduction till after the present scheme is put into force.

In the meanwhile, an officer may kindly be deputed to work out the details of the scheme in Mysore City as already requested in my previous letters.

Yours Sincerely,

S. Narayana Rao, Esq., M.A.(Hons.),
Director of Civil Supplies in Mysore,
Bangalore.

Secretary to the Government of Mysore,
Supplies Department, BANGALORE.

K.R.S.
2/9/43

SIR,

Subject:- Introduction of Rationing to Mysore City.

With reference to your letter No. 1259/A.104-43-1 dated 27th August 1943 on the above subject, I have the honour to state as follows:-

2. There is a stock of nearly 32,000 candies of paddy in the Rice Mills of Mysore City at present and it is expected that 10,000 pallas of paddy will be acquired under the new scheme. The average quantity of rice required for consumption in the City will be about 400 pallas daily. There will, therefore, be sufficient paddy in the City till the next harvest. The stock may also be replenished from the moffusil Taluks whenever necessary.

3. The stock of ragi held in the Government Central Depot, Mysore, and that acquired under the new scheme in the District come to about 5,000 pallas at present. This is a deficit District for ragi and jola. Under the quota system, 7,650 pallas of ragi have to be imported from the Districts of Hassan and Chitaldrug every month. Jola is being harvested now and it may be completed in about a fortnight.

4. There are 32 Fair Price Depots in Mysore City (both private and Government) and some more Government Depots have to be opened to meet the requirements of the City for purposes of distribution of food grains.

5. Preliminary and rough census have been taken by the A.R.P. staff under the guidance of the A.R.P. Controller, Mysore. But, as the Census were found incomplete and wanting in some particulars, they have been sent to the President, Municipal Council, Mysore, for getting the same verified through the Municipal Shanbhogues.

6. Under the circumstances, Mr. T. Venkatasiva Reddy, who is posted as Rationing Officer to Mysore City may kindly be directed to report himself for duty at Mysore and work out the details of the scheme under the guidance of the President, City Municipal Council, Mysore, so that rationing may be introduced to Mysore City immediately after Dasara.

I have the honour to be,
Sir,

Your most obedient servant,

Deputy Commissioner,
Mysore District.

GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, 6TH September 1943.

Dear Mr. Aziz Khan,

With reference to Govt. Notification issued to-day regarding the posting of certain officers in the cadre of Superintendents of Police etc., I am desirous to request you to kindly make arrangements for the immediate relief of Messrs. D. R. Channarudraiyya and T. Venkatasiva Reddy, Superintendents of Police, Kadur and Tumkur Districts, respectively and to instruct them telegraphically to report themselves for duty in the respective charges to which they stand posted forthwith without availing themselves of the joining and preparation time.

Yours sincerely,

(Sd.) V. Vedavyasacharya,
Chief Secretary to Government.

Programme of work for the Assistant Rationing Officer, Mysore City.

I. OFFICE

The Assistant Rationing Officer will please submit a note regarding

Office Assistants and clerical staff to Officer and Assistants.

a) the Office staff required by him when rationing comes into full operation. This staff may be divided into two portions. Clerical staff required for the Office and the subordinate Officers. I should think that for the present two Deputy Amildars to work as Assistants to the Rationing Officer would be enough and sufficient clerical assistance may be given to them.

Executive Staff

b) The Executive staff required would have also to be fixed. We can base our requirements on the data in Bangalore, remembering however that as far as possible we could license private retail dealers also with sufficient safeguards. The Deputy Commissioner has also appointed already some staff. The staff engaged in commandeering work may continue to remain under the Deputy Commissioner. We can take over the staff that is now dealing with the depots. The proposals of the Assistant Rationing Officer would have therefore to be limited to the additional staff that we would require.

Appointment of Personnel.

From now on we can begin to gradually fix the personnel and make the appointments as and when they are necessary.

II. ACCOMMODATION

Regarding accommodation, for the present, one room in the Municipal Office has been placed at his disposal. The adjoining room may be used for his clerk and any stationery that he wants may be borrowed from

the Municipal Office and recouped later.

The Assistant Rationing Officer will please look out for an Office Building which is near enough the Municipal Office and which could accommodate the new Rationing Office. As soon as the building is fixed we can write to Government for sanction. We may perhaps take up the Exhibition Buildings after the Exhibition is over. This would be central and quite suitable from all standpoints.

Telephones

Regarding telephones, one telephone has to be given to the residence of the Assistant Rationing Officer and one to the Rationing Office. A letter may be addressed to Government for sanctioning the same.

Equipment

The Assistant Rationing Officer will please give me also an indent immediately, for the office equipment including furniture, typewriters, etc. that may be required by him. For the present, as already stated above, the Municipal Engineer is requested to place at his disposal all the equipment necessary.

As soon as the Dasara is over, the Special Duty Officer may be able to spare us as many tables, benches, carpets, hat racks etc. that we may require, as they would not be required by him normally till the next Dasara.

III. DEPOTS.

On the basis that we have got a population of 1,70,000 persons to deal with and excluding the number of persons who will be catered for by (1) The Palace, (2) The Mills and (3) The Railway Workshops, we can fix roughly the number of retail shops that are necessary for Mysore City. The A.R.P. Census is good enough for this purpose and we may proceed on the basis of those figures, to fix how many existing non-

At the exp^{ts} of Bangalore don't confirm his view

Government private depots including Fair Price(?) Depots are to continue. This will give us an idea of the shops we have to run. Excluding Government Depots existing already, we can thus arrive at the additional Depots we have got to open. These depots are to be centrally situated and we have therefore to fix up their location carefully. Mr. Reddy will start on this job and submit proposals early. The Assistant Rationing Officer, will for this purpose, take the help of the Health Officer, the Municipal Engineer and the Vice-President. As far as possible, Government and Municipal Buildings only may be engaged. The Deputy Commissioner had a non-official Committee and they have suggested certain places. This may also be looked into. Buildings with compounds may be preferred, so that it may be possible to provide some space for seating the persons that come there and that have to wait. Proper ^{these} "Q" arrangements may also have to be made.

Places where depots are to be opened. Preferably Government or Municipal buildings to be utilised.

Staff for Depots

The staff required for these Depots would also have to be fixed up.

Transport arrangements for Transport from the Central Depot to our Depots.

Regarding the transport from the Central Depot to these Depots, the Assistant Rationing Officer will discuss with the Municipal Engineer and the Health Officer about the possibility of placing the lorries or Bullock Carts available in the Municipality and A.R.P. at his disposal for this purpose. It may be possible to take the services of the Bullock Carts or lorries, after 6 P.M. since normally the Municipality would not require them after that time. We may fix, in consultation with these Officers, the hire that may have to be paid for these services. *We may buy a new lorry if available -*

IV. CENSUS

Government to be addressed re: taking Census. In the meanwhile A.R.P. Census to be checked and acted upon.

Regarding Census, Government will be addressed regarding Mr. Anantharamiah being deputed specially for the purpose. In the meanwhile the A.R.P. Census available

*The enumeration
made in mind
after Dasana
acc. to procedure
used for
Forms & Registers.*

ble may be utilised. The Assistant Rationing Officer also check this Census and see howfar this could be relied upon. Ration Cards should however be written only after proper census is taken.

Regarding forms etc. he will get into touch with Mr. Anantharamiah and Mr. Machia and get a set of forms that are in use in Bangalore and we may adopt these to suit our requirements.

V. MISCELLANEOUS

We may also investigate the following suggestions regarding the improvements over the Bangalore system:

Ledger account in Depots, of Ration Card Holders.

1. In the Depots in Bangalore no ledger accounts for the Ration Card Holders are maintained. If such a Ledger account is maintained especially in private licensed shops, we could have very good control and there would be no scope for Black Marketing. The Rationing Officer will examine the clerical work involved if the above is done and if the advantages from the above justify the trouble and expense.

*These suggestions
may be
considered*

Census forms to provide columns for enumeration of servants fed fully or partly by the householder.

2. In the Census form which is now proposed to be adopted in Bangalore no provision has been made for enumeration of servants that are fed full time or part time, by the house owners. I suggested it to Mr. Anantharamiah that we might have a column to indicate this. This may be investigated.

Powers to take Declarations, etc.

The Assistant Rationing Officer will please go through the Defence of India Act and Rules and the amendments passed from time to time, regarding the powers to get declarations etc. and get necessary powers.

The declarations from the house-holders regarding the number of persons in their families might be obtained independently of the Census and the Census

figures taken by our staff checked up with such declarations and where there are differences, the Mohalla Committees may investigate them giving the parties an opportunity to be heard and pass orders in each case.

Propaganda - A.R.P. Van to be used.
People to be educated re: their duties and liabilities and conveniences afforded.

For all propaganda in connection with rationing, the A.R.P. Van may be freely used. People should be properly educated in this matter in advance and we may tell them what we are doing and what we want of them.

Register of Ration Cards registered at Depots, Co-op. Societies, etc.

Regarding the registration of Ration Cards, at the depots, the order in which the Ration Cards are written should follow the order of houses in respective streets and as far as possible follow the order of the Municipal Demand Registers. If a particular Ration Card Holder instead of registering at the shop meant for that area wants to be registered at a separate depot or Co-operative Society that fact may be noted. It will then be easy for us to determine if all the people in a Mohalla are not registered. Such a Register will enable any House-Holder who has been left out, being easily checked up, because if he gives the number of the house in which he lives in, it is quite possible to verify whether the card has been issued or not.

VI. MOHALLA COMMITTEES

According to Government Order dated 19th September 1943, a panel of names of persons is to be proposed for appointment as Divisional Food Wardens. We may fix up the number for each Mohalla in consultation with the A.R.P. Divisional Wardens. The names of the personnel has^{ve} to be sent to Government early.

The capacity of the Central Depot for issues may be ascertained so that the number of Depots to which rations are to be issued by the Central Depot

may be fixed and a periodical arrangement made, to ensure continuity of service in the Central Depot. We may have in stock one month's supply.

RAGHAVENDRA RAO.

~~RAVANEETHAN~~
PRESIDENT,

CITY MUNICIPAL COUNCIL,
MYSORE.

6th October, 1943.

My dear Mr. Vedavyasacharya,

I am sending herewith for information a copy of the letter to the Secretary to Government, Supplies Department regarding the introduction of rationing into Mysore City. I requested the Minister yesterday to immediately post some suitable officer for the taking of ^{The} census for the above purpose, and he told me to speak to you about it. As ration cards could be written up only after the census is taken, it is very essential - that sanction to the appointment of a Census Officer and the necessary staff is obtained immediately and an Officer posted for the purpose. *I have separated sent up today formal proposals in this matter*

Yours sincerely,

Raghu Raghavendra

7th October 3

B. S. RAGHAVENDRA RAO, ESQ., M.A.(Hons)

S. NARAYANA RAO, ESQ., M.A.(Hons)

Secretary to Government,
Supplies Department,
Camp, Mysore.

Sir,

Subject: Introduction of Rationing in Mysore City.

Adverting to your letter No: SD.1873/A: 104-43-3 dated 17/20th September 1943 calling for proposals regarding the above, I have the honour to state that as soon as Mr. T. Venkatasiva Reddy reported himself for duty before me, a programme of work to be attended to was given to him, a copy of which was sent to you with my letter No: ^{PC 184} dated 27.9.43. After he made a preliminary study of the conditions in Mysore, I sent him to Bangalore again to study the system there in the light of the programme referred to above. I have since had a preliminary discussion with him regarding the proposals for the introduction of Rationing into Mysore City and I note below the proposals in detail for the early orders of Government.

1. BUILDINGS: At present a room in the Municipal Offices has been spared for his use. This is hopelessly inadequate. The Exhibition Buildings would it seems to me be the ideal building for the location of the Rationing Office. It could accommodate also as many of the staff as possible. I have separately addressed Government, vide letter No: ^{CRA 16/43} dated ^X/₄ in this matter and early orders are solicited.

2. FURNITURE: All the required furniture, i.e. tables, chairs, etc. may be ordered to be supplied from the Secretariat Stores here for the time being till we could get our own furniture.

Two Typewriters would be required for the office and these may

either be purchased or got supplied from some other office.

3. TELEPHONES: Two telephones are necessary one to the office and the other at the residence of the Assistant Rationing Officer. Government have been separately addressed regarding this also vide letter No: ^{CA 16/43} dated 7.2.42. One telephone would also be necessary in the office of the Deputy Amildar for Mandy, Lashkar and Nazarbad Mohallas.

4. STAFF - GAZETTED: It is proposed to distribute Mysore City into two circles as noted in the margin and two

I Circle:	}	Officers of the rank and
Mandy, Lashkar, Nazarbad and Devaraj Mohallas.		status of Deputy Amildars
II Circle:	}	will be required for being
Fort, Krishnaraj, and Chamaraj Mohallas.		placed in charge of each
		circle. For the time being

one of the Deputy Amildars (The Deputy Amildar for the II Circle) will be made to perform the duties also of the Office Assistant to the Assistant Rationing Officer.

The offices of the Deputy Amildar for Mandy and Lashkar and Nazarbad will be located in a central place and a suitable building for this purpose will be selected and rented out. Provision has therefore to be made for the rent of this building and electric light charges. Since one of the Deputy Amildars has to work as Office Assistant to the Assistant Rationing Officer, his office will be located in the Head Office itself and no separate building for this office would be necessary. If possible, the building selected will be such as to accommodate the Deputy Amildar also so that he will be available on the spot all the 24 hours. A separate memo regarding the distribution of work between these Deputy Amildars will be passed when these Offices are constituted.

5. EXECUTIVE: For each circle, a sufficient number of Food and Assistant Food Inspectors are necessary. For this purpose, Mysore City is proposed to be divided into three Divisions, viz: (1) Lashkar and Nazarbad (2) Mandy and

and Devaraj and (3) Krishnaraj, Chamaraj and Fort. The Food Inspectors for 1 and 2 divisions will be attached to the I Circle and the others will be attached to the II Circle.

One Food Inspector for each of these Divisions would be necessary. One extra Food Inspector will also be necessary for being kept as reserve. He will be attached to the office of the Assistant Rationing Officer who will fix his duties. So, four Food Inspectors on a pay of Rs. 100 + 20 C.A. have to be sanctioned for Mysore City. Each Food Inspector may also be given two peons on Rs. 11/- each.

In addition to this, we will require a good number of Assistant Food Inspectors. Their number will however depend upon the number of Depots - Government and others to be opened. Working on the basis of population, as per figures noted in para 8 below, 7 Assistant Food Inspectors at the rate of one Assistant Food Inspector for 5 Depots and one for the office or 8 Assistant Food Inspectors in all will be required. Four additional Assistant Food Inspectors would also be necessary to look after Mills, Factories and other Institutions etc. In all 12 Assistant Food Inspectors on Rs. 50 + 10 each and one peon on Rs. 11/- for each would be necessary.

6. CLERICAL STAFF: As already stated, one of the Deputy Amildars will be the office Assistant to the Assistant Rationing Officer and one Food Inspector and one Assistant Food Inspector will also be attached to the office. The following clerical staff for the office would be necessary:

1. One Manager on Rs. 60-4-80
2. One Accountant on Rs. 50-2-60
3. One Accountant cum Cashier on Rs. 40-2-50
4. One Licensing Clerk on Rs. 25-1-40
5. Two General Correspondence clerks on Rs. 15-1-40
6. Two clerks on Rs. 25-1-40 (One of these will be a Typist)
7. One Stenographer on Rs. 50/-.

Each one of the above staff would be drawn from other offices and 20% extra pay for them would have to be provided. Early orders sanctioning the same are solicited.

7. STAFF TO THE DEPUTY AMILDARS: With regard to the Deputy Amildar attached to the office, 2 Clerks on Rs. 25-1-40 would be required, one of whom may be a Typist. The other Deputy Amildar would be given one clerk on Rs. 25-1-40. .

The following menial establishment will be necessary for the office:

1. One Daffedar on Rs. 15/-
2. Three peons on Rs. 12/- each
3. Four peons on Rs. 11/- each.
4. Four literate attenders (Cum cycle orderlies) on Rs. 15+3 each if they provide themselves with their own bicycles.

8. DEPOTS: The number of Depots to be opened will depend on the basis of the population which are to be dealt with in the Depots. Assuming a population of 1,70,000 for the time being and excluding 50,000 people as belonging to the Palace, Mills, Factories and Railways etc. we may have to provide for distribution of rationed articles to 1,20,000 and taking 5 persons to constitute a family we have to provide for 24,000 families. In Bangalore it is understood that only 400 families deal with one Depot. If 700 families are to be attached to each Depot, we will require about 35 Depots. The exact number will depend on the fair price depots, co-operative institutions, private licensed dealers etc. which will be permitted to deal with rationed articles.

For each Depot the following establishment, based on the Bangalore scale would have to be sanctioned:

1. One Manager on Rs. 40/-
2. One Bill Clerk on Rs. 25/-
3. Two peons on Rs. 11/- each.

Appointments on the above scale may be permitted to be made by the Chief Rationing Authority for this City as and when need arises.

9. CENSUS: In order to verify the census taken by the A.R.P. staff, 100 houses were selected at random in the Devaraj Mohalla. It was found that there were several errors. It is therefore essential that a correct census should be

taken and arrangements would have to be made very early in pursuance of Government Order No: S.D.2182-C.94-43 dated 1st October 1943 for taking the census in Mysore City for purposes of rationing. Early arrangements would have to be made in this matter and a special Officer deputed for this purpose. As Rationing Cards have to be issued in this City for the first time, we may once for all issue these ration cards on the basis of the new census. It is therefore essential that arrangements should be made for taking census well before the 23rd of this month so as to give at least a week's time for the writing out of ration cards etc. hearing complaints etc. After taking the census, for writing out the Ration Cards also a Special Establishment would be necessary. As soon as a separate Officer is appointed for the Census, proposals regarding the establishment required for writing up ration cards will be submitted. We will also have to provide for appeals against the entries in Ration Cards so that when the scheme comes into operation one may be reasonably sure that all avoidable errors have been accounted for.

10. ACCOUNTING PROCEDURE: The forms prescribed for Bangalore with such alterations and additions as are necessary will be adopted.

It appears however to be essential before receiving stocks that arrangements should be made for weighing or measurement so that responsibility for shortages may be fixed. The Assistant Rationing Officer has been requested to submit suitable proposals in this matter.

11. RATIONS: The scale of rations in Bangalore was stated to be insufficient. Whether we cannot adopt the quota allotted in Madras will be investigated and the quota to be given for special occasions like marriages will also be fixed.

Proposals regarding powers to be given to subordinate Officers in this matter will also be sent up, so that

there may be no unnecessary centralisation leading to delays.

12. TRANSPORT: It is essential that efficient arrangements for transport are made from Central Depot to the sales Depots and for this purpose at least one lorry may be placed at the disposal of the Chief Rationing Authority. Proposals in this matter have separately been sent up.

13. Several Depots for the distribution of controlled articles have already been opened in Mysore by the Deputy Commissioner and Food Inspectors, Assistant Food Inspectors have also been appointed by him. Since even after the introduction of the rationing into Mysore City, the Deputy Commissioner will be in charge of all commandeering operations in the City, I have requested the Deputy Commissioner to please let me have information as to what staff he has got now and how many of them he would be able to spare for rationing work in this City and proposals regarding the distribution of the existing personnel between the Chief Rationing Authority and the Deputy Commissioner will be sent up.

14. IMPREST: Since the Chief Rationing Authority in Mysore City deals with only the distribution of foodstuffs and these foodstuffs have all to be obtained from the Deputy Commissioner it does not seem to be necessary to keep any large amount of imprest. For supplies made by the Deputy Commissioner necessary debits will be effected by transfer and all sale proceeds in the Depots will be credited to the head of account to be indicated by the Comptroller and the accounts relating to these transactions will be kept in the office of the Chief Rationing Authority. This would avoid the need for any heavy imprest. To meet however urgent and unforeseen expenses a sum of Rs. 1,000/- may be placed at the disposal of the Chief Rationing Authority in Mysore.

15. Regarding expenses on rent, contingencies, etc. these may be authorised to be drawn from the Treasury on A.C. and D.C. Bills as the case may be, the powers of the

Chief Rationing Authority in this matter being analagous to his powers as Municipal President.

I therefore solicit orders of Government regarding

1. Opening of the Office of the Chief Rationing Authority in the Exhibition buildings and if possible to provide accommodation also for such of the executive and clerical staff there,

2. Issue of orders regarding the supply of necessary furniture from the Secretariat Stores. The furniture could be made available after the 10th instant, when most of the guests would have left Mysore,

3. The installation of the necessary telephones

4. Sanction to the appointment of Executive and Clerical staff as per details in paras 4,5,6,7 and 8, the staff being appointed as and when need arises,

5. MAKING IMMEDIATE ARRANGEMENTS FOR THE TAKING OF CORRECT CENSUS OF THE PEOPLE IN MYSORE CITY AND SANCTION TO THE APPOINTMENT OF AN OFFICER AND NECESSARY STAFF FOR THIS PURPOSE AND ALSO FOR THE PURPOSE OF WRITING OUT OF RATION CARDS IN MYSORE CITY,

6. Sanction to the purchase or placing at the disposal of the Chief Rationing Authority at least one lorry for transport of foodstuffs from the Central Depot to the other Depots

7. Sanction to keep an Imprest of Rs. 1,000 in the first instance for the preliminary operations with regard to the introduction of rationing into Mysore City and

8. Sanction to draw on A.C. and D.C. Bills as the case may be, from the Treasury amounts required for expenses on rent, contingencies etc.

S. NARAYANA RAO, ESQ., M.A. (Hons)
Secretary to Government,
Supplies Department,
Camp, Mysore.

Sir,

Subject: Introduction of Rationing in Mysore City.

2 Aug 1
K.
Adverting to your letter No: SD.1873/A: 104-43-3 dated 17/20th September 1943 calling for proposals regarding the above, I have the honour to state that as soon as Mr. T. Venkatasiva Reddy reported himself for duty before me, a programme of work to be attended to was given to him, a copy of which was sent to you with my letter No: PC.104 dated 27.9.43. After he made a preliminary study of the conditions in Mysore, I sent him to Bangalore again to study the system there in the light of the programme referred to above. I have since had a preliminary discussion with him regarding the proposals for the introduction of Rationing into Mysore City and I note below the proposals in detail for the early orders of Government.

1. BUILDINGS: At present a room in the Municipal Offices has been spared for his use. This is hopelessly inadequate. The Exhibition Buildings would it seems to me be the ideal building for the location of the Rationing Office. It could accommodate also as many of the staff as possible. I have separately addressed Government, vide letter No: CRA 16/43 dated 7.10.43 in this matter and early orders are solicited.

2. FURNITURE: All the required furniture, i.e. tables, chairs, etc. may be ordered to be supplied from the Secretariat Stores here for the time being till we could get our own furniture.

Two Typewriters would be required for the office and these may

either be purchased or got supplied from some other office.

3. **TELEPHONES:** Two telephones are necessary one to the office and the other at the residence of the Assistant Rationing Officer. Government have been separately addressed regarding this also vide letter No: *CR 16/43* dated 7.1.43. One telephone would also be necessary in the office of the Deputy Amildar for Mandy, Lashkar and Nazarbad Mohallas.

4. **STAFF - GAZETTED:** It is proposed to ^{? divide} distribute Mysore City into two circles as noted in the margin and two

I Circle:	}	Officers of the rank and
Mandy, Lashkar, Nazarbad and Devaraj Mohallas.		status of Deputy Amildars
II Circle:	}	will be required for being
Fort, Krishnaraj, and Chamaraj Mohallas.		placed in charge of each
		circle. For the time being

one of the Deputy Amildars (The Deputy Amildar for the II Circle) will be made to perform the duties also, of the Office Assistant to the Assistant Rationing Officer.

The offices of the Deputy Amildar for Mandy and Lashkar and Nazarbad will be located in a central place and a suitable building for this purpose will be selected and rented out. Provision has therefore to be made for the rent of this building and electric light charges. Since one of the Deputy Amildars has to work as Office Assistant to the Assistant Rationing Officer, his office will be located in the Head Office itself and no separate building for this office would be necessary. If possible, the building selected will be such as to accommodate the Deputy Amildar also so that he will be available on the spot all the 24 hours. A separate memo regarding the distribution of work between these Deputy Amildars will be passed when these Offices are constituted.

5. **EXECUTIVE:** For each circle, a sufficient number of Food and Assistant Food Inspectors are necessary. For this purpose, Mysore City is proposed to be divided into three Divisions, viz: (1) Lashkar and Nazarbad (2) Mandy and

and Devaraj and (3) Krishnaraj, Chamaraj and Fort. The Food Inspectors for 1 and 2 divisions will be attached to the I Circle and the others will be attached to the II Circle.

One Food Inspector for each of these Divisions would be necessary. One extra Food Inspector will also be necessary for being kept as reserve. He will be attached to the office of the Assistant Rationing Officer who will fix his duties. So, four Food Inspectors on a pay of Rs. 100 + 20 C.A. have to be sanctioned for Mysore City. Each Food Inspector may also be given two peons on Rs. 11/- each.

In addition to this, we will require a good number of Assistant Food Inspectors. Their number will however depend upon the number of Depots - Government and others to be opened. Working on the basis of population, as per figures noted in para 8 below, 7 Assistant Food Inspectors at the rate of one Assistant Food Inspector for 5 Depots and one for the office or 8 Assistant Food Inspectors in all will be required. Four additional Assistant Food Inspectors would also be necessary to look after Mills, Factories and other Institutions etc. In all 12 Assistant Food Inspectors on Rs. 50 + 10 each and one peon on Rs. 11/- for each would be necessary.

6. CLERICAL STAFF: As already stated, one of the Deputy Amildars will be the office Assistant to the Assistant Rationing Officer and one Food Inspector and one Assistant Food Inspector will also be attached to the office. The following clerical staff for the office would be necessary:

1. One Manager on Rs. 60-4-80
2. One Accountant on Rs. 50-2-60
3. One Accountant cum Cashier on Rs. 40-2-50
4. One Licensing Clerk on Rs. 25-1-40
5. Two General Correspondence clerks on 25-1-40
6. Two clerks on Rs. 25-1-40 (One of these will be a Typist)
7. One Stenographer on Rs. 50/-.

Each one of the above staff would be drawn from other offices and 20% extra pay for them would have to be provided. Early orders sanctioning the same are solicited.

7. STAFF TO THE DEPUTY AMILDARS: With regard to the Deputy Amildar attached to the office, 2 Clerks on Rs. 25-1-40 would be required, one of whom may be a Typist. The other Deputy Amildar would be given one clerk on Rs. 25-1-40.

The following menial establishment will be necessary for the office:

1. One Daffedar on Rs. 15/-
2. Three peons on Rs. 12/- each
3. Four peons on Rs. 11/- each.
4. Four literate attenders (Cum cycle orderlies) on Rs. 15/- 3 each if they provide themselves with their own bicycles.

8. DEPOTS: The number of Depots to be opened will depend on the basis of the population which are to be dealt with in the Depots. Assuming a population of 1,70,000 for the time being and excluding 50,000 people as belonging to the Palace, Mills, Factories and Railways etc. we may have to provide for distribution of rationed articles to 1,20,000 and taking 5 persons to constitute a family we have to provide for 24,000 families. In Bangalore it is understood that only 400 families deal with one Depot. If 700 families are to be attached to each Depot, we will require about 35 Depots. The exact number will depend on the fair price depots, co-operative institutions, private licensed dealers etc. which will be permitted to deal with rationed articles.

For each Depot the following establishment, based on the Bangalore scale would have to be sanctioned:

1. One Manager on Rs. 40/-
2. One Bill Clerk on Rs. 25/-
3. Two peons on Rs. 11/- each.

Appointments on the above scale may be permitted to be made by the Chief Rationing Authority for this City as and when need arises.

9. CENSUS: In order to verify the census taken by the A.R.P. staff, 100 houses were selected at random in the Devaraj Mohalla. It was found that there were several errors. It is therefore essential that a correct census should be

taken and arrangements would have to be made very early in pursuance of Government Order No: S.D.2182-C.94-43 dated 1st October 1943 for taking the census in Mysore City for purposes of rationing. Early arrangements would have to be made in this matter and a special Officer deputed for this purpose. As Rationing Cards have to be issued in this City for the first time, we may once for all issue these ration cards on the basis of the new census. It is therefore essential that arrangements should be made for taking census well before the 23rd of this month so as to give at least a week's time for the writing out of ration cards etc. hearing complaints etc. After taking the census, for writing out the Ration Cards also, a Special Establishment would be necessary. As soon as a separate Officer is appointed for the Census, proposals regarding the establishment required for writing up ration cards will be submitted. We will also have to provide for appeals against the entries in Ration Cards so that when the scheme comes into operation one may be reasonably sure that all avoidable errors have been accounted for.

10. ACCOUNTING PROCEDURE: The forms prescribed for Bangalore with such alterations and additions as are necessary will be adopted.

It appears however to be essential before receiving stocks ^{of grain} that arrangements should be made for weighment or measurement ^{of} so that responsibility for shortages may be fixed. The Assistant Rationing Officer has been requested to submit suitable proposals in this matter.

11. RATIONS: The scale of rations in Bangalore was stated to be insufficient. Whether we cannot adopt the quota allotted in Madras will be investigated and the quota to be given for special occasions like marriages will also be fixed.

Proposals regarding powers to be given to subordinate Officers in this matter will also be sent up, so that

there may be no unnecessary centralisation leading to delays.

12. TRANSPORT: It is essential that efficient arrangements for transport are made from Central Depot to the sales Depots and for this purpose at least one lorry may be placed at the disposal of the Chief Rationing Authority. Proposals in this matter have separately been sent up.*

13. Several Depots for the distribution of controlled articles have already been opened in Mysore by the Deputy Commissioner and Food Inspectors, Assistant Food Inspectors have also been appointed by him. Since even after the introduction of the rationing into Mysore City, the Deputy Commissioner will be in charge of all commandeering operations in the City, I have requested the Deputy Commissioner to please let me have information as to what staff he has got now and how many of them he would be able to spare for rationing work in this City and proposals regarding the distribution of the existing personnel between the Chief Rationing Authority and the Deputy Commissioner will be sent up.

14. IMPREST: Since the Chief Rationing Authority in Mysore City deals with only the distribution of foodstuffs and these foodstuffs have all to be obtained from the Deputy Commissioner it does not seem to be necessary to keep any large amount of imprest. For supplies made by the Deputy Commissioner necessary debits will be effected by transfer and all sale proceeds in the Depots will be credited to the head of account to be indicated by the Comptroller and the accounts relating to these transactions will be kept in the office of the Chief Rationing Authority. This would avoid the need for any heavy imprest. To meet however urgent and unforeseen expenses a sum of Rs. 1,000/- may be placed at the disposal of the Chief Rationing Authority in Mysore.

15. Regarding expenses on rent, contingencies, etc. these may be authorised to be drawn from the Treasury on A.C. and D.C. Bills as the case may be, the powers of the

Chief Rationing Authority in this matter being analagous to his powers as Municipal President.

I therefore solicit orders of Government regarding

1. Opening of the Office of the Chief Rationing Authority in the Exhibition buildings and if possible to provide accommodation also for such of the executive and clerical staff there,

2. Issue of orders regarding the supply of necessary furniture from the Secretariat Stores. The furniture could be made available after the 10th instant, when most of the guests would have left Mysore,

3. The installation of the necessary telephones

4. Sanction to the appointment of Executive and Clerical staff as per details in paras 4,5,6,7 and 8, the staff being appointed as and when need arises,

5. MAKING IMMEDIATE ARRANGEMENTS FOR THE TAKING OF CORRECT CENSUS OF THE PEOPLE IN MYSORE CITY AND SANCTION TO THE APPOINTMENT OF AN OFFICER AND NECESSARY STAFF FOR THIS PURPOSE AND ALSO FOR THE PURPOSE OF WRITING OUT OF RATION CARDS IN MYSORE CITY,

6. Sanction to the purchase or placing at the disposal of the Chief Rationing Authority at least one Lorry for transport of foodstuffs from the Central Depot to the other Depots

7. Sanction to keep an Imprest of Rs. 1,000 in the first instance for the preliminary operations with regard to the introduction of rationing into Mysore City and

8. Sanction to draw on A.C. and D.C. Bills as the case may be, from the Treasury amounts required for expenses on rent, contingencies etc.

KAG.8.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

Read:—

Correspondence ending with letter No. CHA.18/43, dated, the 7th October, 1943, from the President, City Municipal Council, Mysore, submitting proposals for the introduction of rationing in Mysore City.

CORR NO. 2339-43/A-104-43-10 DATED, BANGALORE,

THE 25TH OCTOBER, 1943.

With a view to regulating the distribution of essential foodstuffs, such as, rice, ragi, jola, etc., Government ordered the introduction of rationing in Mysore City and the President, City Municipal Council, Mysore, was requested to work out the preliminary details and submit his proposals in the matter for the consideration of Government.

In pursuance of this direction, the President, has submitted his proposals. He has suggested the division of Mysore City into two circles as indicated in the margin for the purpose of rationing and the appointment of two officers of the rank and status of Deputy Amildars to be in charge of these two circles.

I. Circle.

Kandy
Lankar
Nagarbad &
Govaraj Mahallias.

II. Circle.

Port, Brishnaraaj
and Chamaraj
Mahallias.

For the sale of rationed articles 33 depots are said to be required for serving about 24,000 families in Mysore, at the rate of 700 families per depot. The exact number of depots to be opened will, however, it is stated, depend on the number of fair price depots, co-operative institutions and private licensed dealers, etc., that may be permitted to deal in rationed articles.

The President has also suggested the appointment of an executive staff of four Food Inspectors and twelve Assistant Food Inspectors, the necessary clerical and manual staff for the Rationing Office and for work under the Deputy Amildars, the staff required for the depots and the scales of pay and allowances to be given to the executive as well as the ministerial and manual establishments.

After a careful consideration of the proposals, Government are pleased to pass the following orders in respect of the several proposals:—

(a) Division of Mysore City into two circles:

The division of Mysore City into two circles as proposed by the President, Municipal Council and the appointment of two officers of the rank of Deputy Amildars to be in charge of the two circles is approved. The Deputy Amildar in charge of the second circle will also be the Office Assistant to the Rationing Officer.

(b) Appointment of executive staff:

The appointment of an executive staff of four Food Inspectors on Rs. 100/- plus Rs. 50/- G.A. p.m. each and twelve Assistant Food Inspectors on Rs. 60/- plus Rs. 10/- p.m. each is sanctioned. The appointments should, however, be made only as and when they become necessary. The above scales of pay represent the maximum and

appointments against these posts should be made from among officials in service, who should be given the salaries drawn by them in their permanent departments plus a deputation allowance of 20% subject to the whole emoluments not exceeding the maxima prescribed for the Food Inspectors and Assistant Food Inspectors, respectively. The Food Inspectors will be allowed one peon each on a salary of Rs. 11/- p.m. No animal staff is considered necessary for the Assistant Food Inspectors.

(2) Clerical staff for the Rationing Office:

Time scales of pay have been proposed for the staff. Being a temporary organisation, Government do not consider a time scale appropriate and they are accordingly pleased to sanction the entertainment of the following staff on the pay indicated:-

One Manager on Rs. 70/- p.m.
One Accountant Rs. 50/- "
One Accountant & Cashier Rs. 40/- p.m.
One Licensing clerk Rs. 30/- p.m.
Two General correspondence clerks Rs. 30/- each p.m.
Two clerks on Rs. 30/- each p.m. (One of them to be a typist).
One stenotypist on Rs. 50/- p.m.

The staff should be recruited from other offices and a deputation allowance of 20% allowed as extra salary subject to the maxima specified above.

(4) Staff for the Deputy Saldars:

One clerk on Rs. 30/- p.m. is sanctioned for each of the two circle officers.

(5) Animal staff:

The following animal staff is sanctioned:-

One Haffedar on Rs. 15/- p.m.
Three peons Rs. 12/- "
Four peons Rs. 11/- "
Two literate attendants Rs. 15/- each p.m.

Two of the peons may be used as cycle orderlies with an allowance of Rs. 22 (Rs. 200) p.m. each and the bicycles required for their use may be provided at Government cost. The purchase of two bicycles at the price to be fixed by the Stores Purchase Committee is approved.

(6) Depots and spot staff:

As the practice of selling rationed articles through fair price depots and private licensed dealers has not proved satisfactory, Government direct that the sale of rationed articles should be confined to Government depots and approved co-operative societies. The following staff is accordingly sanctioned for each Government depot:-

One Manager on Rs. 40/- p.m.
One Bill clerk on Rs. 25/- "
Two peons on Rs. 11/- each p.m. (One of these peons should be a treasurer).

(3) Incumbent:

An amount of Rupees One thousand (Rs. 1000/-) is sanctioned to the President, City Municipal Council, who will be the Rationing officer for the Mysore City. For the purpose of incurring contingent expenditure and drawing A.C. and D.C. bills, the

the Rationing Officer will exercise the same powers as the President, Mysore City Municipal Council.

Notifications extending the provisions of the Mysore Rationing Order (Food) to the Mysore City, and appointing the President, Mysore City Municipal Council, as Rationing Officer and also appointing Ration-Census Officers under the Mysore Ration Census Order, 1943, have been issued separately.

Orders regarding the posting of two officers of the rank and status of Deputy Amildars for the two circles will issue separately.

Government direct that rationing should be brought into force in Mysore City, with effect from the 1st December, 1943. The President, Mysore City Municipal Council, is requested to take immediate steps to give effect to this direction.

The appointments sanctioned herein may be continued till the end of June 1944, for the present.

The expenditure on this account is debitable to "32 B - Expenditure connected with the War, 1939 - 3 Department of Civil Supplies" during the current year.

The other proposals of the President, City Municipal Council, regarding accommodation, and the supply of telephones, furniture, typewriters, stationery, transport lorries, etc., about which separate communications have been received, are under consideration and orders will issue separately.

RATIONING IN MYSORE CITY.

59

With a view to regulating the distribution of essential foodstuffs, such as rice, ragi and jola, etc., Government ordered the introduction of rationing in Mysore City. The President, Mysore City Municipal Council, who was requested to work out the preliminary details and submit proposals for the consideration of Government has, for purposes of rationing, suggested the division of Mysore City into two circles, each circle being placed in charge of a circle officer of the rank and status of a Deputy Amildar. The population of Mysore City has been ~~assumed~~ ^{taken} as one lakh ~~and 20,000~~ ^{seventy thousand} (1,70,000). Excluding the people belonging to the Palace, Railways, and factories and mills, etc., whose number is taken as 50,000, it is proposed to serve 1,20,000 people or 24,000 families on the basis of 5 members for a family. At the rate of one depot for every 700 families, about 35 depots are stated to be required, including fair price depots, co-operative society depots and depots run by private licensed dealers. The proposals also include the appointment of the necessary clerical and executive staff for work in the central rationing office, the circle offices and for the depots. After a careful consideration of the proposals, the suggestion of the President, Mysore City Municipal Council to divide Mysore City into two circles

for purposes of rationing and the posting of two officers with the rank and status of Deputy Amildars for being in charge of the two circles have been accepted. ~~The~~ ^{Notifica-}tions extending the provisions of the Mysore Rationing Order (Food). to Mysore City and appointing the President, Mysore City Municipal Council as Rationing Officer and also appointing ration census officers under the Mysore Ration Census Order, have been issued. The following ministerial, ^{Depot and} menial, ~~executive and depot~~ staff have been sanctioned:-

(a) Clerical staff for the Rationing Office:

One Manager on Rs.70/- p.m.
One Accountant Rs.50/- "
One Accountant & Cashier Rs.40 p.m.
One Licensing clerk Rs.30/- p.m.
Two General correspondence clerks Rs.30/- each p.m.
Two clerks on Rs.30/- each p.m. (One of them to be a Typist)
One Steno-typist on Rs.50/- p.m.

(b) One clerk on Rs.30/- p.m. for each of the two circle officers.

(c) Menial staff.

One daffedar on Rs.15/- p.m.
Three peons Rs.12/- "
Four Peons Rs.11/- "
Two literate attenders Rs.15/- each p.m.
(Two of the peons being used as cycle orderlies with an allowance of Rs.2/- p.m.).

(d) Staff for each Government depot.

One Manager on Rs.40/- p.m.
One Bill clerk on Rs.25/- "
Two peons on Rs.11/- each p.m.
(One of these peons should be a measurer).

(e) Executive Staff:

Four Food Inspectors on Rs.100 + 20. C.A. p.m.each.
Twelve Asst. Food Inspectors on Rs.50 + 10. p.m.
One peon on Rs.11/- p.m. for each of the Food Inspectors.

1. Direction has been issued that appoint-

2. Against these posts should be made

as and when necessary. Arrangements have also been made for the supply of the necessary accommodation and equipment required ~~in connection with the introduction of Rationing in Mysore City~~. It has been ordered that rationing should be brought into effect in Mysore City from 1-12-1943.
